Foreword

Our purpose is to lead and serve the whole of the football family in England. The future health of the game relies on making football a safe, positive and enjoyable experience for the four million children and young people who regularly play the game and the countless other youngsters who watch, coach, referee or pump up the balls and put up the nets.

The FA is totally committed to this goal. With so many young people involved in the game, it is our responsibility as the governing body to have a clear safeguarding children policy that is accessible to and adopted by everyone in the football family.

Safeguarding Children is everyone's responsibility and having welfare officers in all clubs and leagues with youth teams is crucial to The FA's simple three part approach to safeguarding, which includes:

- Getting the right people involved – carrying out references and CRB checks
- Creating a safe environment - codes of conduct, Respect, education and best practice
- Promoting clear systems - to deal with any concerns - policy and procedures.

The cornerstones of The FA's commitment are our Safeguarding Children Policy and Procedures; a comprehensive safeguarding children education programme - which is mandatory for everyone taking FA qualifications; the Respect programme which addresses abusive sideline behaviour towards young players - including an online module for parents and carers; alongside best practice guidance to assist leagues and clubs.

Our network of 11,500 volunteer welfare officers are key to ensuring everyone understands their responsibilities to safeguard children and young people and we acknowledge and applaud the work of this group of volunteers.

'Let's make football safe – not sorry' sums up our commitment and intent and we are determined to fulfil and exceed in this most important of responsibilities.

Thank you.

Endorsement from the NSPCC, Child Protection in Sport Unit

The FA's commitment to safeguarding children and young people is to be applauded. As the country's largest governing body of sport they have an unenviable task. The implementation of mandatory welfare officers in every club and league with youth teams supported by a paid network of County FA Welfare Officers indicates the level of intent to safeguard in football. The FA's commitment to the Sport England/NSPCC National Standards for Safeguarding and Protecting Children and Young People in Sport continues to be high on their agenda which we encourage and support.

We trust The FA will continue to be an advocate for collaborative working with the statutory agencies and sport as a whole. The NSPCC, Child Protection in Sport Unit is delighted to endorse The FA's Safeguarding Children Policy and procedures for grassroots football which is both comprehensive and inclusive.

Introduction

The FA continues to be committed to ensuring all necessary steps are taken to protect from harm those children and young people who participate in football at all levels. This policy together with the Safeguarding Children best practice guidelines and educational programme sets out The FA's position, role and responsibilities, and clarifies what is expected of other organisations and individuals involved in football. Further details regarding The FA's Safeguarding Policies can be obtained from The FA's Safeguarding Children and Young People – Operations Manual, which can be accessed via www.TheFA.com/Footballsaf

1.1 Safeguarding Children Policy Statement

Every child or young person, defined as any person under the age of 18, who plays or participates in football should be able to take part in an enjoyable and safe environment and be protected from abuse. This is the responsibility of every adult involved in football.

The FA recognises its responsibility to safeguard the welfare of all children and young people by protecting them from physical, sexual or emotional harm and from neglect or bullying. The FA is therefore committed to working to provide a safe environment for all children and young people to participate in the sport to the best of their abilities for as long as they choose to do so.

1.2 Key principles

- The child's welfare is, and must always be, the paramount consideration
- All children and young people have a right to be protected from abuse regardless of their age, gender, disability, culture, language, racial origin, religious beliefs or sexual orientation
- All suspicions and allegations of abuse will be taken seriously and responded to swiftly and appropriately
- Working in partnership with other organisations, children and young people and their parents and carers is essential.

The FA is committed to working in partnership with the Police, Social Care Departments, and Local Safeguarding Children's Boards (LSCB) in accordance with their procedures. This is essential to enable these organisations to carry out their statutory duties to investigate concerns and protect all children and young people.

For further details about The FA's safeguarding policy statements aims and objectives please refer to the Safeguarding Children and Young People – Operations Manual which can be accessed via www.TheFA.com/Footballsaf

Football has substantial links with both schools and colleges. In addition to the comprehensive English Schools Football Association activities there are numerous after school clubs and community teams using educational facilities. Many of these school based football activities come under the Physical Education and School Sport Club Links (PESSCL) initiative and as such are required to follow the guidelines developed by the NSPCC CPSU, DfES, Sport England and PESSCL funded National Governing Bodies. For further information please refer to the Safeguarding Children and Young People – Operations Manual via www.TheFA.com/Footballsaf

It is essential that everyone is clear about how to report a concern about the welfare of a child or young person. In summary this means following the guidelines set out in this policy.

Section 2

2.1 Recruitment of volunteers and staff

Grassroots football wouldn't exist without the many thousands of volunteers involved today. Ensuring that we encourage those individuals that are suitable for the many roles football has to offer is essential. Remember that a friendly, well run club is more likely to be successful in encouraging additional volunteers.

However, we mustn't lose sight of the fact that anyone may have the potential to abuse children and young people. Therefore all reasonable steps must be taken to ensure unsuitable people are prevented from working with children and young people. Sound recruitment and selection procedures will help to screen out those who are not suitable to work in football.

2.1.1 Planning and advertising

- Draw up a role profile which highlights key responsibilities of the role
- Decide upon the skills and experience that an individual will need
- Draw up a person specification
- Identify the aims of the club or league
- Reflect the club or leagues positive stance on child protection and equal opportunities
- Use application forms to collect information on each applicant
- Ensure that more than one official looks at each application form
- Ask for identification documents to confirm the identity of the applicant, e.g. passport or driving licence.

For examples of the forms detailed in section 2 refer to www.TheFA.com/Footballsafes for the best practice guidelines.

2.1.2 Interviewing

- Meet with all applicants prior to any recruitment decisions are made
- Ensure more than one official is present.

The meeting/interview will enable the club or league to explore further the information provided in the application form. The questions to be asked should be prepared in advance and should provide the applicant with the

opportunity to recount previous experiences and give examples of how they have or would handle situations.

It's important to elicit information regarding an applicant's technical capabilities and is also necessary to explore their attitudes and commitment to child welfare. Listed below are examples of questions that could be used to discover this information:

- Tell us about any previous experience you have working with children or young people
- Give a child related scenario and ask the applicant what they would do e.g. 'it's a winter evening and the training sessions finished. A parent has not arrived to pick up their child – what would you do?' The applicant would be expected to say they would stay with the child and contact the parents to find out where they were
- Is there anything we should know that could affect your suitability to work with children or young people?

2.1.3 References

Request at least two references from individuals who are not related to the applicant.

One reference should be associated with the applicant's place of work and, if possible, one that demonstrates the individual has been involved in sport, particularly children's football, previously. References should be followed up prior to any offer of appointment being made. If the references raise any concerns you are advised to contact The FA Case Management Team for advice and guidance on 0207 745 4787.

2.1.4 Criminal Record Bureau (CRB) disclosures

CRB checks are another tool in the recruitment procedure. A CRB Enhanced Disclosure tells The FA about a person's recorded offences. It can indicate that a person is not suitable to work with children, for example if they have a history of sexual offending. It may also tell The FA that further investigations are required, for example if the person has a history of drug dealing or racist offending.

The FA will take into account the Rehabilitation of Offenders Act and only consider offences

which are relevant to the care, supervision and training of children.

The FA is not allowed to tell the club or County FA about the actual offending and so applicants can be assured of confidentiality. The FA will however tell the club and County FA whether or not the person is considered suitable to work with children.

Applications for CRB checks should be dealt with by the CWO. Further information about this process can be obtained from www.TheFA.com/Footballsafes or crb@TheFA.com. If an applicant claims to already have an FA CRB Unit Enhanced Disclosure the club should seek advice from The FA CRB Unit or the CFAWO on how to proceed.

Please note, The FA will not accept third-party disclosures. For further information visit the website address detailed above.

2.1.5 Appointing staff and volunteers

Clubs should consider all the information they receive via the application form, confirmation of identity, the outcome of the take up of references and The FA CRB Unit Enhanced Disclosure. This information should then be considered alongside the outcome of the meeting/interview to make an informed decision as to whether or not to accept the applicant into their club.

2.1.6 Post appointment decisions

It is important that once a new volunteer has been recruited follow up action is taken:

- Any qualifications should be substantiated e.g. requesting photocopies of coaching certificates
- New volunteers are made aware and sign up to the club's Safeguarding Children policy and procedures, best practice guidelines and codes of conduct
- Training needs are established and actioned
- The roles and responsibilities of the new volunteer are signed up to
- A period of supervision/observation or mentoring is used to support the new volunteer
- The FA's Safeguarding Children Workshop is completed.

Further information about The FA's CRB Unit Policy and Procedures can be accessed via the Safeguarding Children and Young People – Operations Manual.

2.2 Promoting best practice

2.2.1 Getting the essentials in place

Every football club and youth, mini soccer and girls' league must have a Safeguarding Children policy. For that policy to be effective members need to understand what it means and how it's integrated into daily football activities. A Safeguarding Children policy is the foundation of a well-run and effective club or league. By signing up to The FA's Safeguarding Children Policy (see Appendix 1) and implementing the key policies and procedures outlined below, best practice will soon become common practice.

Policies check list

- Safeguarding Children Policy
- Selection and recruitment policy
- A whistle-blowing policy
- Health and safety policy
- Anti bullying policy
- Equality policy
- Codes of conduct for coaches, players, officials and parents/spectators
- A clear club philosophy that is shared at the start of the season.

Procedures check list

- A Club Welfare Officer appointed
- Procedures for reporting concerns about the welfare of a child or young person
- Complaints and disciplinary procedures

- A system for gathering player and parental consent
- An avenue for young people to express their views and have them heard
- Information for parents, carers and players
- A committee representative of the wider local community, one that is inclusive representing current members and potential members (e.g. representing age, gender, disability and ethnicity)
- Travel and overnight stay procedures.

For further guidance on how to implement the key safeguarding building blocks (see Appendix 2).

2.2.2 Risk management

We naturally assess the potential for risks when planning activities. However, to ensure the welfare of children and young people within our care it is important to always ask the following basic questions:

- What is the activity?
- What are the ages involved?
- Where is the activity going to take place?
- Are there any special needs within the group?
- Are there mixed groupings?
- What experience and qualifications do the organisers have?
- Do you require someone who

has appropriate first aid training?

It's important to also consider your familiarity with the venue and the level of responsibility to have for the activity e.g. at your home ground (which may or may not have access to telephone, toilet and changing facilities, first aid provision, secure perimeters) or an unknown ground that your club has to travel to. Local sports centres or community playing fields will have guidelines on use and types of facilities, which you may or may not have access to. Also be mindful of social activities at a nonfootball venue, which may or may not be known to you.

The principles for assessing potential risks remain the same whatever the activity, therefore you need to consider these and decide what ratio of adults to children or young people you consider to be appropriate to ensure their safety. If the group is aged over eight years there should always be two adults and a minimum of one adult to ten children. More adults are required when working with younger age groups. Remember that an adult is anyone over the age of 18. You may have volunteers or even FA Level 1 Coaches who are not yet 18. They cannot be considered an adult legally, therefore this affects the ratio of adults to children/young people. However, you can ask parents to come along in such circumstances. It is also important to consider the experience of the adults involved. Clearly it is best practice to have FA Qualified Coaches, however it is likely that there will be a mixture of qualified and unqualified coaches.

2.2.3 Relationships of trust

The power and influence an older colleague (where an U18 has taken on a leadership role) or member of staff has over someone attending a group activity cannot be underestimated. If there is an additional competitive aspect to the activity and the older person is responsible for the young person's success or failure to some extent, then the dependency of the younger member upon the older will be increased. It is therefore vital for volunteers to recognise the responsibility they must exercise in ensuring that they do not abuse their position of trust.

Genuine relationships do occur between different levels of volunteers and participants in a group, however no intimate relationship should begin whilst the member of staff or

volunteer is in a position of trust over them.

The FA acknowledges that intimate relationships between teenagers take place and often no harm comes from them. However, it is also acknowledged that children and young people who suffer abuse often do so at the hands of other children or young people. It must be understood that the notion of 'relationships of trust' applies as much to young people who have taken on a leadership role as it does to adults involved in football.

"The inequality at the heart of a relationship or trust should be ended before any sexual relationship begins". Caring for Young People and the Vulnerable? Guidance for preventing abuse of trust (Home Office 1999).

Please note: young people aged 16-18 can legally consent to some types of sexual activity; however, in some provisions of legislation (under the Children's Act 1989) they are classified as children.

The FA is currently awaiting the outcome of consultation re the Sexual Offences Act 2003 which currently applies to teachers to see if this law is also applied to coaches.

"It is an offence for a person aged 18 or over to involve a child under that age in sexual activity where he or she is in a specified position of trust in relation to that child. This includes those who care for, advise, supervise or train children and young people (Sexual Offences Act 2003)".

The principle of this section of the Sexual Offences Act 2003 will be applied by The FA thus if you engage in an intimate or inappropriate relationship with a young person it is a breach of The Football Association Regulations (see Appendix 3) and as such will result in disciplinary action.

Section 3

Poor Practice and Abuse

Child abuse is a very emotive and difficult subject. It is important to understand the feelings involved but not to allow them to interfere with our judgement about any action to be taken. It is also important that child abuse and child protection are openly discussed as this helps create an environment where people are more aware of the issues and sensitive to the needs of children. Open discussions also create environments that deter abusers.

Child abuse both within and outside of the family can occur anywhere. This includes sport, leisure, cultural, religious and care environments and on the transport to and from these places. Recent inquiries have also indicated that abuse which takes place within a public setting is rarely a one-off event. This means that if abuse is detected, it is highly unlikely to be the first time it has happened. It is therefore crucial that all allegations and suspicions are treated seriously and appropriate actions taken. An environment that explicitly attempts to identify and report abuse helps create a safer culture for children and young people.

Allegations may also relate to poor practice where an adult's or a peer's behaviour is inappropriate and may be causing concern to a young person within a football setting.

Poor practice includes any behaviour that contravenes existing Codes of Conduct, infringes an individual's rights and/or reflects a failure to fulfil the highest standards of care. Poor practice is unacceptable in football and will be treated seriously with appropriate actions taken. Sometimes a child or young person may not be aware that practice is poor or abusive and they may tolerate behaviour without complaint. An example of this is a child with a disability who is used to being excluded from activities or a bullied young person who is used to being mocked. Children may also be used to their cultural needs being ignored or their race abused. This does not make it acceptable.

Many children and young people will lack the skills or confidence to complain and it is therefore extremely important that adults in the club advocate for the children and young people. Advocating for children and young people who find it hard to speak out is part of creating a safer culture for them.

For information about the categories of abuse and signs and indicators (see Appendix 4).

3.1 Raising awareness of potential vulnerability

This Safeguarding Children policy is inclusive and the same actions should be taken regardless of the needs and background of the child or young person. The FA recognises however that some children and young people are disadvantaged by their experiences and would want to highlight the following.

3.1.1 Children and young people with disabilities

Children and young people with disabilities might be additionally vulnerable because they may:

- Lack a wide network of friends who support and protect them
- Have significant communication differences - this may include very limited verbal communication or they may use sign language or other forms of non-verbal communication
- Require personal intimate care
- Have a reduced capacity to resist either verbally or physically
- Not be believed
- Depend on the abuser for their involvement in sport
- Lack access to peers to discover what is acceptable behaviour
- Have medical needs that are used to explain abuse.

3.1.2 Children and young people from minority ethnic groups

Children and young people from minority ethnic groups are additionally vulnerable because they may be:

- Experiencing racism and racist attitudes
- Experiencing racism being ignored by people in authority
- Afraid of further abuse if they challenge others
- Subjected to myths, e.g. all people of a particular culture are good with or hit their children
- Wanting to fit in and not make a fuss
- Using or learning English as a second language.

3.1.3 Children and young people who take on leadership roles

Taking on a leadership role within football is intended to be an enjoyable and positive learning experience. However, coaches, club officials, players, parents/spectators in both adult and junior football often lose sight of the fact that an individual in a leadership role who is under 18 is still legally a child. As a consequence young coaches, medics and referees are open to experiencing abusive behaviour verbally, physically and emotionally. This behaviour is not acceptable in adult or youth football. The increased potential harm that verbal, physical and emotional abuse can cause to children and young people in these roles needs to be recognised.

It is important that clubs acknowledge their role in ensuring that club officials, players and spectators behave appropriately towards young people who take on such roles. It is necessary to recognise that, like adults, children and young people can and do make mistakes when they are learning, and overly critical and unsupportive responses may constitute verbal and or emotional abuse. Some young match officials have experienced physical abuse from coaches, spectators and players.

3.1.4 Reducing the potential for vulnerability

Bearing in mind that children and young people can be and are disadvantaged by these and other experiences, it is important for all clubs, CFAs and leagues to be extra vigilant in creating a safe culture, including:

- Finding ways of understanding and communicating with all children and young people
- Ensuring best practice at all times in physical and health care
- Developing knowledge of the diverse cultures they serve
- Respecting cultural differences
- Building relationships with parents and carers and including all families in club activities
- Observing carefully changes in mood, appearance and behaviour and discussing those concerns with families, carers or the

designated person if suspicions or concerns are significantly aroused about the care of the child or young person

- Acknowledging that disabled children and young people are additionally vulnerable and that vigilance is essential
- Acknowledging that abusive behaviour directed towards a minor whilst they are carrying out a leadership role is not acceptable and will be reported to the appropriate designated person as poor practice and or abuse
- Implementation of a club code of conduct for spectators and players
- Acceptance of the special role club officials have in setting a good example of the way in which people should behave towards children and young people in leadership roles.

It may be necessary to ask other specialist agencies for help and advice in including some children and young people in football. It should be seen as a strength of the club to approach families, Education, Health, Social Care, voluntary agencies and community groups for advice on including and protecting particular children.

The mentoring of young officials is particularly helpful in supporting individuals if they are faced with abusive behaviour and indeed preventing the continuation of such behaviour. Further information can be obtained via The FA's Referees Department 0844 980 0621.

3.2 Dealing with bullying

No one deserves to be the victim of bullying. Everyone has the right to be treated with respect. The FA will not accept or condone bullying in football and has defined bullying as a category of abuse. It is the responsibility of everyone in football, whatever their role, to ensure that bullying is dealt with appropriately.

Bullying can be defined as:

- Physical: hitting, kicking and theft
- Verbal: name-calling, constant teasing, sarcasm, racist or homophobic taunts, threats and gestures
- Emotional: tormenting, mobile text messaging, ridiculing, humiliating and ignoring.

Section 4

Bullying can take place anywhere but is more likely to take place where there is inadequate supervision, e.g. in the changing rooms or on the way to and from the football pitch - but it can also take place at a training session or competition. Football's competitive nature can create and even support an environment for the bully if individuals and clubs are unaware.

The bully in football can be:

- A parent who pushes too hard
- A coach or manager who has a win-at-all-costs philosophy
- A child or young person intimidating another
- An official who places unfair pressure on a child or young person.

The damage inflicted by bullying can often be underestimated. It can cause considerable distress to children and young people, in some cases affecting their health and development. In extreme circumstances it can lead to self-harm. For further information on developing an anti-bullying policy (see Appendix 2).

3.2.1 Taking a proactive approach

- Ensure The FA's definition of bullying and its anti-bullying policy is promoted
- Ensure clubs have codes of conduct of which an anti-bullying policy is a part
- Ensure that you take all signs of bullying seriously
- Develop an open environment that encourages children and young people to share their concerns.

Remember that it is not the responsibility of an individual to decide that bullying is or is not taking place in football, but it is their responsibility to act on any concerns.

Responsibility for Safeguarding in Football

We all have a moral and legal responsibility for the safety and protection of children and young people within football. However, there are people designated at every level of the game who take additional responsibility for Safeguarding Children with the aim of making football as safe as possible for all concerned.

The title 'designated person' is an umbrella term that applies to all individuals that are nominated or appointed by clubs, youth, mini soccer and girls' leagues and all CFAs. The designated person for Safeguarding Children should be clearly identified in every football setting.

Every designated person holds a position of significant responsibility. The FA therefore requires that prior to appointment, every potential designated person is considered to be 'suitable' to hold such a position as defined in Appendix 5. The FA also requires that all designated persons are perceived as being approachable, having a child-centred approach and the ability to maintain this perspective when carrying out their role.

All designated persons need to have attended an FA Safeguarding Children Workshop and have completed a CRB Enhanced Disclosure via The FA CRB Unit. Additional, role-specific support is being developed and all designated persons are expected to participate.

For additional information regarding job descriptions and person specifications for all designated persons within football, refer to the Safeguarding Children and Young People – Operations Manual, which can be accessed via www.TheFA.com/Footballsafes

4.1 The Club Welfare Officer

The FA is moving towards having a Club Welfare Officer (CWO) in every club who will also be part of the Club Management Committee in order that safeguarding becomes imbedded in football. The CWO will promote best practice throughout the club and play a key role in dealing with poor practice concerns in line with the club's own disciplinary process. Matters of a more worrying nature will be referred to the CFA WO. Confidentiality regarding concerns should be maintained on a strictly 'need to know' basis. Each CWO will be expected to:

- Know who the CFA Welfare Officer (CFA WO) is and how to contact them
- Refer any club child protection or poor practice concerns to the CFA WO
- Seek advice from The FA/NSPCC Helpline if the CFA WO is unavailable or in circumstances of child protection urgency
- Seek advice from local Children's Services or the Police in an emergency
- Encourage the club to discuss and implement The FA's Safeguarding Children Policy
- Encourage the club to utilise The FA's Child Protection and Best Practice Guidelines on recruiting volunteers and always requesting and following up references
- Encourage the club to discuss and implement The FA's Child Protection and Best Practice Guidelines on the use of images and organising travel, trips and tournaments
- Advocate that the CRB Disclosure be used as part of the club's safeguarding initiatives and encourage the club to make use of The FA CRB Unit
- Support the club in identifying those who require a CRB Disclosure
- Promote, support and encourage the benefits of the Safeguarding Children and best practice education and awareness programme.

4.2 The Youth League Welfare Officer

All YLWO are expected to promote awareness of The FA's Safeguarding Children Policy and Procedures and Best Practice Guidelines. The development and introduction of codes of conduct, appropriate sanctions and proactive requirements for affiliation will do much to safeguard children and young people. It is anticipated that the league's rules and disciplinary procedures will deal appropriately with many poor practice issues.

However, where appropriate the YLWO may be required/asked to acknowledge and support sanctions imposed by the CFA. Any concerns about a child's or young person's welfare should be reported immediately to the CFA WO. The YLWO is expected to:

- Know who the CFA WO is and how to contact them

Section 5

- Know who the Club Welfare Officers are and how to contact them
- Encourage all league clubs to implement The FA Safeguarding Children Policy
- Encourage all league clubs to implement the Child Protection and Best Practice Guidelines
- Promote, support and encourage the benefits of the Safeguarding Children and best practice education and awareness programme
- Have an understanding of The FA CRB Unit and its role within safeguarding children and young people
- Advocate the CRB Disclosure to be used as part of both the league and clubs' safeguarding initiatives and encourage all clubs to make use of The FA CRB Unit
- Coordinate annual CWO network gatherings for those CWO who are affiliated to their league.

4.3 The County Football Association Welfare Officer

The CFA WO is a key member of The FA's safeguarding team and will work closely with The FA Child Protection Team. They will receive and collate child protection concerns in accordance with FA protocols and procedures and deal with poor practice concerns directly. As and when required they will seek advice from The FA Case Manager, Children's Services, the Police or The FA/NSPCC Helpline regarding case referrals.

Part of their role is to promote and support the aims of The FA's Safeguarding Children Policy and Procedures and The FA's Child Protection and Best Practice Guidelines. They will assist the youth, mini-soccer and girls' leagues to appoint Welfare Officers. Thereafter they will maintain contact with the YLWO to offer support and guidance where necessary. The CFA WO will also support clubs and leagues in implementing CRB Disclosures.

For further information about the role of the CFA WO, refer to the Safeguarding Children and Young People – Operations Manual, which can be accessed via www.TheFA.com/Footballsafes

Responding to Concerns, Allegations and Disclosures*

*The term disclosure in this context is used to describe the sharing of child protection concern(s) by one individual to another and not the Criminal Record Bureaus formal record of an individuals relevant convictions.

There is a legal and moral responsibility to report any concerns about a child or young person in any context.

The FA will support anyone who, in good faith, reports his or her concern that a colleague is, or may be, abusing a child or young person, even if that concern is proved to be unfounded.

The following guidelines are relevant whether or not the child or young person is involved in football. It is essential that you follow The FA procedures for any concerns that are related to football settings.

Concerns may arise because:

- A child or young person informs you directly that he or she is concerned about someone's behaviour towards them (see 5.1 & 5.2.1)
- You become aware, through your own observations or through a third party, of possible abuse occurring (see 5.2).

Most suspicions of abuse come about from observation of changes in the child or young person's behaviour, appearance, attitude or relationship with others. Your suspicions may develop over time (see Appendix 4 Signs and Indicators of Abuse).

Where the concern does not involve individuals in football settings, the matter should be reported directly to local Children's Services or the local Police (see 5.2.6).

5.1 What to do if a child or young person discloses to you

If a child or young person informs you directly that they are concerned about someone's behaviour towards them, this is known as a disclosure. The person receiving the disclosure should:

- React calmly so as not to frighten the child or young person
- Tell the child or young person that he or she is not to blame and that he or she was right to tell

- Take what the child or young person says seriously
- If the child or young person needs immediate medical treatment, take them to hospital or telephone for an ambulance, inform doctors of concerns and ensure that they are aware that this is a child protection issue
- Ensure the immediate safety of the child or young person
- Avoid leading the child or young person and keep any questions to the absolute minimum. Ask only what is necessary to ensure a clear understanding of what has been said
- Re-assure the child or young person but do not make promises of confidentiality or outcome, which might not be feasible in the light of subsequent developments
- In the event of suspicion of sexual abuse do not let the child bathe or shower until given permission to do so. Washing can destroy valuable evidence
- Inform the parents/carers immediately unless you have specific reason not to, e.g. the child has named the parent/carer as the abuser. If this is the case then contact the designated person. If they are unavailable contact local Children's Services or the Police for guidance.

5.2 The FA Reporting Procedures

Whether informed directly by a child or young person, via a third party, or through your own observations within a football setting, you should follow The FA Procedures outlined below and in the flow diagrams on pages 21 and 22.

- Ensure the immediate safety of the child or young person
- If the child or young person needs immediate medical treatment, take them to hospital or telephone for an ambulance, inform doctors of concerns and ensure that they are aware that this is a child protection issue
- Report the concerns to the designated person for child protection or the person in charge immediately, unless the concern is about this individual (see below)
- If the designated person is not available, or the concern is about this person, report your concerns directly to the local Children's Services, the local Police or The FA/NSPCC Child Protection Helpline
- These agencies will advise you whether a formal referral to Children's Services is

necessary and what further action you might need to take. If you are advised to make a formal referral make it clear to Children's Services or the Police that this is a child protection referral

- All police forces have dedicated Child Protection Teams (CPTs) which deal with allegations of abuse within the family setting and by people in a position of trust. In a real emergency dial 999 to involve the full squad
- Remember if the concern is about someone involved within a football setting and you are unable to contact the appropriate designated person, then you should also inform The FA Case Manager on 0844 980 8200 Ex.4787 and let them know what action, in line with FA procedures, you have taken.

5.2.1 Dealing with possible poor practice and/or abuse in a football setting

The flow diagrams on pages 21 and 22 explain how to deal with a concern about possible poor practice and or child abuse within a football setting. The following definitions relating to poor practice and abuse will help you to decide whether the issue(s) is likely to be poor practice or abuse. If you are at all unsure make sure you seek guidance from your CWO or CFA WO as appropriate.

If you decide the concern relates to poor practice follow flow diagram 1 on page 21. If you decide that the concern relates to abuse use flow diagram 2 on page 22.

5.2.2 Distinguishing between child abuse and poor practice

Concerns identified as child abuse will fall within the following five categories:

Physical Abuse

A child is physically hurt or injured by an adult or an adult gives alcohol or drugs to a child or young person

Neglect

A child's basic physical needs are consistently not met or they are regularly left alone or unsupervised

Sexual Abuse

An adult or peer uses a child or young person to meet their own sexual needs

Emotional Abuse

Persistent criticism, denigrating or putting unrealistic expectations on a child or young person

Bullying

Persistent or repeated hostile and intimidating behaviour towards a child or young person

Incidents of poor practice occur when the needs of children and young people are not afforded the necessary priority, so as their welfare is compromised. Some examples are likely to be:

- When insufficient care is taken to avoid injuries (e.g. by excessive training or inappropriate training for the age, maturity, experience and ability of players)
- Giving continued and unnecessary preferential treatment to individuals and regularly or unfairly rejecting others (e.g. singling out and only focusing on the talented players and failing to involve the full squad)
- Placing children or young people in potentially compromising and uncomfortable situations with adults (e.g. changing in a 1:1 situation with a young referee)
- Allowing abusive or concerning practices to go unreported (e.g. a coach who ridicules and criticizes players who make a mistake during a match)
- Ignoring health and safety guidelines (e.g. allowing young players set up goal posts unsupervised by adults)
- Failing to adhere to the club's codes of practice (e.g. openly verbally abusing the referee).

Please note:

- The judgement about whether an incident is one of child abuse or poor practice may not be able to be made at the point of referral, but only after the collation of relevant information
- The majority of poor practice concerns can be dealt with by the club or alternatively with support and guidance from the County FA
- All child abuse will be dealt with by The FA (in conjunction with the statutory agencies) and with the support of the County FA
- For further clarification concerning abuse concerns (see Appendix 4).

5.2.3 Flow diagram 1; dealing with possible poor practice in a football setting

You become aware of a poor practice and/or possible abuse situation.

- Stay calm
- If child or young person is present reassure him or her they are not to blame
- Don't make promises of confidentiality or outcome
- Keep questions to a minimum

Is the concern poor practice or child abuse?

For clarification concerning poor practice concerns see page 22. If the concern is child abuse follow flow diagram 2 on page 25, if the concern is poor practice:

Contact the CWO who will either:

- Follow club procedures for a first report of poor practice, complete and submit The FA Information and Referral Form to the CFA WO for information only
- Seek advice from the CFA WO

Where appropriate the CFA WO will either:

- Give advice for the CWO to action
- Monitor the behaviour of individual or club as required
- Gather additional evidence
- Refer concerns to The FA Case Manager for advice

Where deemed appropriate contact will be made with and action taken by:

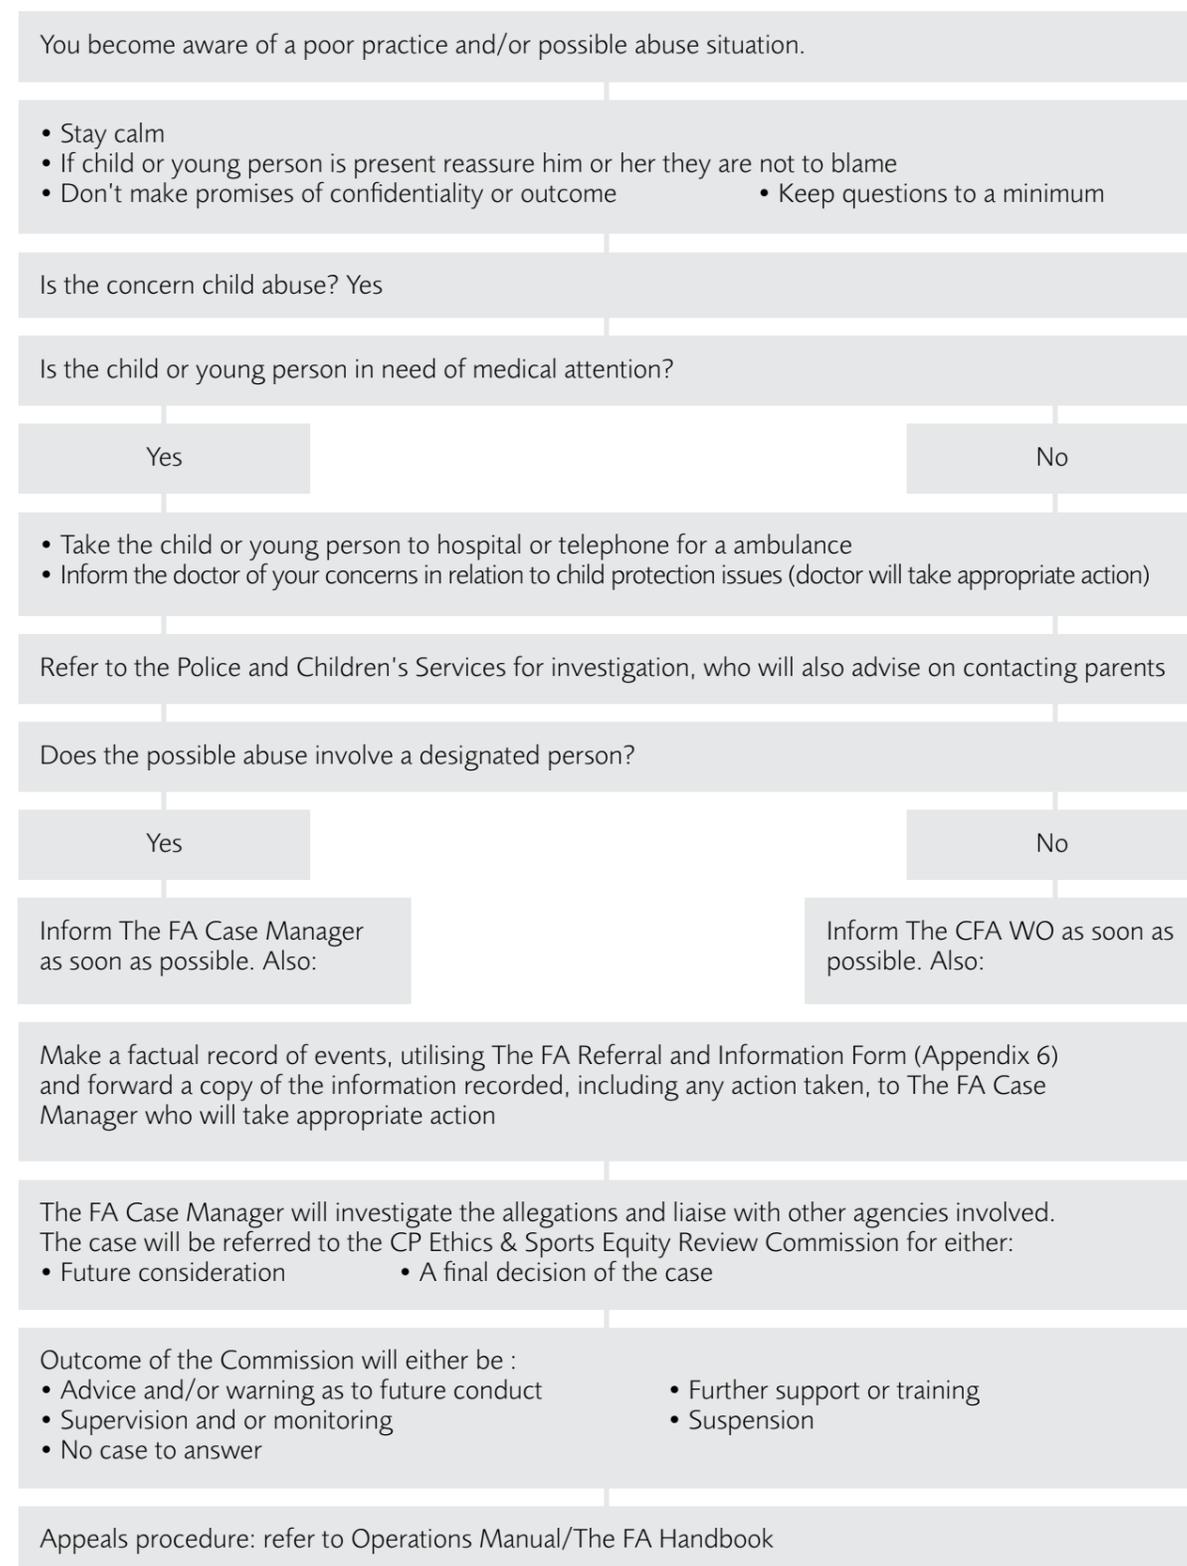

- CFA Disciplinary Committee
- CFA FDO or CDM
- YLWO

Possible outcomes:

- Further information requested
- Advice/warning as to future conduct/sanctions
- Further training/support needed
- No case to answer
- Referral to FA Case Management Team for action

All appeals regarding County FA decisions will be dealt with via CFA complaints procedures* (*refer to the current FA Handbook)

5.2.4 Flow diagram 2; dealing with possible child abuse in a football setting

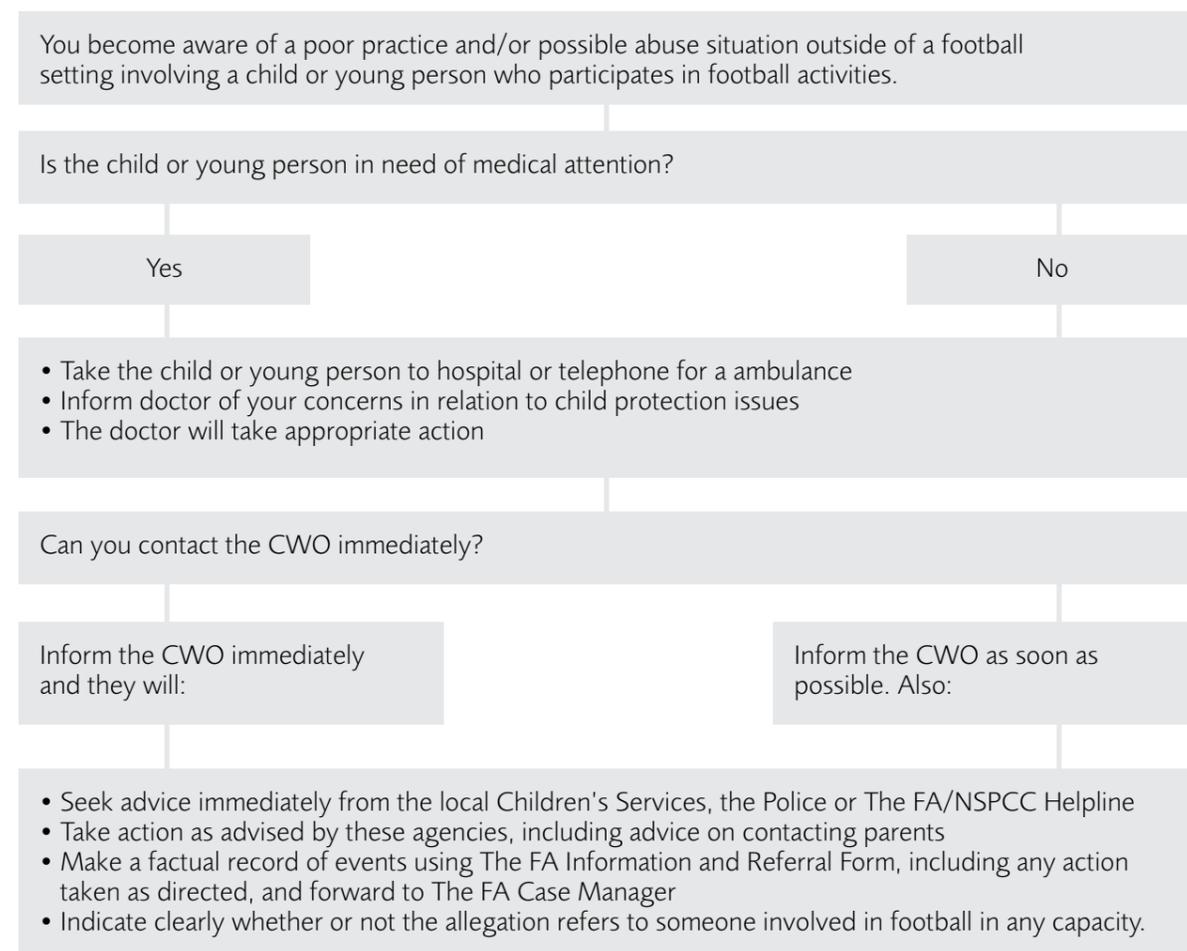

5.2.5 Concerns outside of a football setting

You may receive information regarding the welfare of a child or young person who is involved in football, yet the concern itself does not relate to someone within the game. In these circumstances (e.g. the concern relates to the child's home or a social setting other than football) you need to follow The FA Procedures outlined below:

- Follow the guidance on page 20 (5.1) if the child or young person informs you directly
- If your concerns are via a third person or through observation, report your concerns directly to the CWO
- If you are unable to contact the CWO immediately or the CFA WO refer your concerns directly to local Children's Services or to the local Police
- These agencies will advise you whether a formal referral to Children's Services is necessary and what further action you might need to take. If you are advised to make a formal referral make it clear to Children's Services or the Police that this is a child protection referral
- Make a factual record of events using The FA Information and Referral Form including any action as directed, indicating clearly whether or not the allegation refers to someone involved in football. Forward this to The FA Case Manager.

5.2.6 Flow diagram 3; dealing with concerns outside of a football setting

5.3 Recording of suspicions, concerns or events

- Accurate recording is essential, as there may be legal proceedings at a later date
- Referrals to Children's Services or Police should be confirmed in writing within 24 hours - if not, then at the earliest opportunity
- Keep a record of the name and designation of the Children's Services member of staff or Police Officer to whom concerns were passed and record the time and date of the call in case any follow-up is needed
- Ensure all information is maintained safely in accordance with Data Protection Legislation
- Information should only be shared on a strictly 'need to know' basis
- Complete Appendix 6 (The FA Referral and Information Form) and send this to the CFA WO. The CFA WO in turn will send this onto The FA Case Manager.

5.4 The FA Case Management System

In case of child abuse or alleged child abuse, The FA Case Management System will:

- Decide whether any individual accused of abuse should be temporarily suspended pending further Police and Children's Services inquiries (see Appendix 3 for The FA Regulations)
- Assess all individual cases under the appropriate FA misconduct and disciplinary procedures, irrespective of the findings of the Children's Services or Police inquiries
- Decide whether the nature of the concerns need to be dealt with by The FA Disciplinary Commission
- Support all designated persons in carrying out their role and responsibilities
- Inform individuals when they are the subject of a child protection concern and provide a point of contact to keep the alleged perpetrator informed of proceedings
- Decide and advise on any contact with the media
- Monitor the types and volume of poor practice and child abuse referrals and utilise this information to inform its educational programmes and develop The FA referral process
- Decide whether a member of staff

or volunteer can be reinstated and how this can be handled sensitively.

Decisions about reinstatement may be difficult. The FA, advised by the Police and Children's Services and/or the NSPCC, will reach a decision based upon the available information.

This could suggest that, on a balance of probability, it is more likely than not that the allegation is true, regardless of any decisions relating to criminal prosecutions. The welfare of children and young people should always remain paramount.

NB. The FA is entitled to carry out its own investigations independently of the Police and Children's Services and will do so where it believes this is necessary.

5.4.1 Possible outcomes

Cases of poor practice will be investigated by the CFA and may be subject to CFA disciplinary procedures. Cases of child abuse (having been dealt with by the statutory agencies) will be investigated by The FA Case Manager who may refer the case to The FA Child Protection, Ethics and Sports Equity Review Commission. In these circumstances, the following outcomes are possible:

- No case to answer
- Advice and or warning as to future conduct
- Further support or training
- Supervision and or monitoring
- Suspension.

5.4.2 "Whistle-blowing"

Whistle-blowing is an early warning system. It is about revealing and raising concerns over misconduct or malpractice within an organisation or within an independent structure associated with it.

Any adult or young person with concerns about a colleague can also use whistleblowing by contacting The FA Case Management Team on 0844 980 8200 Ex.4787.

Alternatively you can go direct to the Police or Children's Services and report your concerns there.

5.4.3 Appeals

The appeals procedure is available to anyone who is subject to a decision made by The Ethics and Sports Equality Review Commission or The FA Disciplinary Commission. Every individual and organisation wishing to appeal against decisions by The FA must do so in writing, to be received by The FA Disciplinary Manager, The Football Association, Wembley Stadium, PO Box 1966, London SW1P 9EQ within 14 days of the date of notification of the decision appealed against. The appeal must identify the specific decision(s) being appealed and set out the grounds of appeal and the reasons why it would be substantially unfair not to alter the decision. A fee of £100.00 must be enclosed with the appeal. The FA Disciplinary Appeal Panel will exclude anyone who sat on the initial decision-making panel and will consist of an independent Chair and two other members. Further information regarding The FA Appeals Procedure can be found via www.TheFA.com.

5.4.4 Complaints procedures

A complaint may be made by an individual who has been the subject of a poor practice or child protection concern that has been dealt with by The FA's Child Protection Team. Please note, any matters relating to appeals with regard to Disciplinary Hearings, Suspensions and the Rules of The Association and Laws of the Game will be separately dealt with under established procedures and are not the subject of a complaint.

In the first instance the complainant is required to contact The FA Case Manager. It is hoped that the member of staff will be able to resolve the complainant's concerns and give appropriate assurances regarding the management of the case in question. A record of this resolution will be made and copied to the complainant.

If the complainant is dissatisfied with the response and wishes to take the matter further, they are required to put the matter in writing to The FA's Head of Equality and Child Protection, The Football Association, Wembley Stadium, PO Box 1966, London SW1P 9EQ within 28 days of the known outcome of the informal communication with The FA Case Manager. Further information about The FA's appeals process can be obtained from The FA Handbook.

5.4.5 Allegations of previous abuse

Allegations of abuse may be made some time after the event (e.g. by an adult who was abused as a child, by a member of staff or volunteer who is still currently working with children or young people). Where such an allegation is made, you should inform the CFA WO who will in turn inform The FA Case Manager.

The FA will, following consultation, take appropriate action. This is because other children or young people, either within football or outside it, may be at risk from this person and anyone who has been abused has the right to be heard at any time. This position is reinforced by UK legislation and guidance.

5.4.6 Providing support

The FA will support anyone who, in good faith, reports his or her concern that a colleague is, or may be, abusing a child or young person, even if that concern is proved to be unfounded, in the following ways:

- Via CFA WO
- Via FA Case Management Team
- Provision of specialist independent organisations contact details
- NSPCC Helpline
- NSPCC Child Protection in Sport Unit.

Consideration will be given to what support may be appropriate for children, young people, parents or carers, volunteers and members of staff during and after poor practice and child abuse referrals to The FA.

It is never easy to respond to a child or young person who tells you that they are being abused. You may well be feeling upset and worried yourself. Confidentiality is paramount. However, The FA acknowledges that having received a disclosure, individuals may have a need for some support. Appendix 7 (Useful Contacts) provides information on support groups and helplines for those who have received a disclosure.

Every effort will be made to ensure that any child or young person who has been subjected to poor practice or abuse, and their parents or carers, will be given support from the

appropriate agencies and The FA. A list of independent support groups and helplines is provided in Appendix 7 for those who have experienced abuse.

The FA will also consider what support with the process may be appropriate for those against whom a complaint of poor practice or an allegation of abuse has been made. Appendix 7 provides information on support groups and helplines.

Safeguarding Children Policy and Procedures

Using this Policy

This policy template is provided as a word document so that you can add your club name to the relevant sections. It is not recommended that you make any other changes unless you discuss them with your County FA Welfare Officer and they agree to them.

It is important that you discuss this policy with your committee. The club needs to be sure it is clear about its responsibilities and that you adhere to this policy in full. Having a proactive Club Welfare Officer is an integral requirement of this policy.

Club Template

(Insert Name) Football Club
Safeguarding Children Policy

1. (Insert Name) Football Club acknowledges its responsibility to safeguard the welfare of every child and young person who has been entrusted to its care and is committed to working to provide a safe environment for all members. A child or young person is anyone under the age of 18 engaged in any club football activity. We subscribe to The Football Association's (The FA) Safeguarding Children - Policy and Procedures and endorse and adopt the Policy Statement contained in that document.
2. The key principles of The FA Safeguarding Children Policy are that:
 - The child's welfare is, and must always be, the paramount consideration
 - All children and young people have a right to be protected from abuse regardless of their age, gender, disability, culture, language, racial origin, religious beliefs or sexual orientation
 - All suspicions and allegations of abuse will be taken seriously and responded to swiftly and appropriately
 - Working in partnership with other organisations, children and young people and their parents/carers is essential.

We acknowledge that every child or young person who plays or participates in football should be able to take part in an enjoyable and safe environment and be protected from poor practice and abuse.

(Insert Name) Football Club recognises that this is the responsibility of every adult involved in our club.

3. (Insert Name) Football Club has a role to play in safeguarding the welfare of all children and young people by protecting them from physical, sexual or emotional harm and from neglect or bullying. It is noted and accepted that The Football Association's Child Protection Regulation (see The FA Handbook) applies to everyone in football whether in a paid or voluntary capacity. This means whether you are a volunteer, match official, helper on club tours, football coach, club official or medical staff.
4. We endorse and adopt The FA's Responsible Recruitment guidelines for recruiting volunteers and we will:
 - Specify what the role is and what tasks it involves
 - Request identification documents
 - As a minimum meet and chat with the applicant(s) and where possible interview people before appointing them
 - Ask for and follow up with 2 references before appointing someone
 - Require an FA CRB Unit Enhanced Disclosure where appropriate in line with FA guidelines

All current (Insert Name) Charter Standard Club members who are regularly caring for, supervising, training or being in sole charge of children and young people will be required to complete a CRB Enhanced Disclosure via The FA CRB Unit. If there are concerns regarding the appropriateness of an individual who is already involved or who has approached us to become part of (Insert Name) Charter Standard Club guidance will be sought from The Football Association. It is noted and accepted that The FA will consider the relevance and significance of the information obtained via The FA CRB Unit Enhanced CRB Disclosure and that all decisions will be made in the best interests of children and young people.

It is accepted that The FA aims to prevent people with a history of relevant and significant offending from having contact with children or young people and the opportunity to influence policies or practice with children or young people. This is to prevent direct sexual or physical harm to children and to minimise the risk of 'grooming' within football.

5. (Insert Name) Football Club supports The FA's Whistle blowing Policy*. Any adult or young person with concerns about a colleague can 'whistle blow' by contacting The FA Safeguarding Team on 0844 980 8200 Ex.4787, by writing to The FA Case Manager at The Football Association, Wembley Stadium, PO Box 1966, London SW1P 9EQ or alternatively by going direct to the Police, Children's Services or the NSPCC.
(Insert Name) Football Club encourages everyone to know about it and utilise it if necessary.
6. (Insert Name) Football Club has appointed a Club Welfare Officer in line with The FA's role profile and required completion of the Safeguarding Children and Welfare Officers Workshop. The post holder will be involved with Welfare Officer training provided by The FA and/or County FA. The Club Welfare Officer is the first point of contact for all club members regarding concerns about the welfare of any child or young person. The Club Welfare Officer will liaise directly with the CFA Welfare Officer and will be familiar with the procedures for referring any concerns. They will also play a proactive role in increasing awareness of

Respect, poor practice and abuse amongst club members.

7. We acknowledge and endorse The FA's identification of bullying as a category of abuse. Bullying of any kind is not acceptable at our club. If bullying does occur, all players or parents/carers should be able to tell and know that incidents will be dealt with promptly. Incidents need to be reported to the Club Welfare Officer in cases of serious bullying the CFA Welfare Officer may be contacted.
8. Respect codes of conduct for Players, Parents/Spectators, Officials and Coaches have been implemented by (Insert Name) Football Club. In order to validate these Respect codes of conduct the club has clear actions it will take regarding repeated or serious misconduct at club level and acknowledges the possibility of potential sanctions which may be implemented by the County FA in more serious circumstances.
9. Reporting your concerns about the welfare of a child or young person

Safeguarding is everyone's responsibility if you are worried about a child it is important that you report your concerns – no action is not an option.

- i. If you are worried about a child then you need to report your concerns to the Club Welfare Officer.

- ii. If the issue is one of poor practice the Club Welfare Officer will either:
 - deal with the matter themselves or
 - seek advice from the County FA Welfare Officer
- iii. If the concern is more serious – possible child abuse, where possible, contact the County FA Welfare Officer first, then immediately contact the Police or Children’s Services
- iv. If the child needs immediate medical treatment take them to a hospital or call an ambulance and tell them this is a child protection concern. Let your Club Welfare Officer know what action you have taken, they in turn will inform the County FA Welfare Officer.
- v. If at any time you are not able to contact your Club Welfare Officer or the matter is clearly serious then you can either:
 - contact your County FA Welfare Officer directly
 - contact the Police or Children's Services
 - call The FA/NSPCC 24 hour Helpline for advice on 0808 800 5000

NB - The FA's Safeguarding Children Policy and Procedures are available via www.TheFA.com/Footballsafes - click on the 'downloads' under Policy and Procedures. The policy outlines in detail what to do if you are concerned about the welfare of a child and includes flow diagrams which describe this process. How to make a referral is also covered in the Safeguarding Children workshop. Participants are given the opportunity to discuss how this feels and how best they can prepare themselves to deal with such a situation. For more information on this workshop contact your County Welfare Officer.

Safeguarding Building Blocks

The following policies and guidance should be considered as the building blocks on which a well run club is built. They will help to ensure that appropriate safeguards are put in place.

- Anti- bullying Policy for football clubs
- Guidance for developing a club Health and Safety Policy
- Guidance for developing a club Complaints and Disciplinary Policy
- Codes of Conduct for Players, Spectators, coaches and Officials. Please note that The Respect programme provides codes of conduct for all of these roles and it is recommended that you refer to these when considering the implementation of codes of conduct. Further information can be obtained from visiting www.TheFA.com/Respect

Anti-bullying policy for football clubs

Statement of intent

We are committed to providing a caring, friendly and safe environment for all of our members so they can participate in football in a relaxed and secure atmosphere.

Bullying of any kind is unacceptable at our club. If bullying does occur, all club members or parents should be able to tell and know that incidents will be dealt with promptly and effectively. We are a TELLING club. This means that anyone who knows that bullying is happening is expected to tell the Club Welfare Officer or any committee member.

What is bullying?

Bullying is the use of aggression with the intention of hurting another person. Bullying results in pain and distress to the victim.

Bullying can be:

- Emotional - being unfriendly, excluding (emotionally and physically) sending hurtful text messages, tormenting, (e.g. hiding football boots/shin guards, threatening gestures)
- Physical pushing, kicking, hitting, punching or any use of violence
- Racist - racial taunts, graffiti, gestures
- Sexual - unwanted physical contact or sexually abusive comments
- Homophobic - because of, or focussing on the issue of sexuality
- Verbal - name-calling, sarcasm, spreading rumours, teasing.

Why is it important to respond to bullying?

Bullying hurts. No one deserves to be a victim of bullying. Everybody has the right to be treated with respect. Individuals who are bullying need to learn different ways of behaving. The impact upon a child or young person can be devastating and in some cases effect all aspects of their life, in extreme circumstances it can lead to suicide threats or even attempts.

This club has a responsibility to respond promptly and effectively to issues of bullying.

Objectives of this policy

- All club members, coaches, officials and parents/carers should have an understanding of what bullying is

- All club members, officials and coaching staff should know what the club policy is on bullying, and follow it when bullying is reported
- All players and parents/carers should know what the club policy is on bullying, and what they should do if bullying arises
- As a club we take bullying seriously. Players and parents/carers should be assured that they would be supported when bullying is reported
- Bullying will not be tolerated.

Signs and indicators

A child may indicate by signs or behaviour that he or she is being bullied. Adults should be aware of these possible signs and that they should investigate if a child:

- says he or she is being bullied
- is unwilling to go to club sessions
- becomes withdrawn anxious, or lacking in confidence
- feels ill before training sessions
- comes home with clothes torn or training equipment damaged
- has possessions go 'missing'
- asks for money or starts stealing money (to pay the bully)
- has unexplained cuts or bruises
- is frightened to say what's wrong
- gives improbable excuses for any of the above.

In more extreme cases:

- starts stammering
- cries themselves to sleep at night or has nightmares
- becomes aggressive, disruptive or unreasonable
- is bullying other children or siblings
- stops eating
- attempts or threatens suicide or runs away.

These signs and behaviours may indicate other problems, but bullying should be considered a possibility and should be investigated.

Procedures

1. Report bullying incidents to the CWO or a member of the clubs committee or contact the CFA WO
2. In cases of serious bullying, the incidents will be referred to the CFA WO for advice and possibly to The FA Case Management System
3. Parents should be informed and will be asked to come in to a meeting to discuss the problem

4. If necessary and appropriate, the Police will be consulted
5. The bullying behaviour or threats of bullying must be investigated and the bullying stopped quickly
6. An attempt will be made to help the bully (bullies) change their behaviour
7. If mediation fails and the bullying is seen to continue the club will initiate disciplinary action under the club constitution.

Recommended club action

If the club decides it is appropriate for them to deal with the situation, they should follow the procedure outlined below:

1. Reconciliation by getting the parties together. It may be that a genuine apology solves the problem.
2. If this fails/is not appropriate, a small panel (made up from the chairman, CWO, secretary, committee members) should meet with the parent/carer and child alleging bullying to get details of the allegation. Minutes should be taken for clarity, which should be agreed by all as a true account.
3. The same three members should meet with the alleged bully and parents/carer and put the incident raised to them to answer and give their view of the allegation. Minutes should again be taken and agreed by all as a true account.
4. If bullying has in their view taken place, the individual should be warned and put on notice of further action i.e. temporary or permanent suspension if the bullying continues. Consideration should be given as to whether a reconciliation meeting between parties is appropriate at this time.
5. In some cases the parent of the bully or bullied player can be asked to attend training sessions, if they are able to do so, and if appropriate. The club committee should monitor the situation for a given period to ensure the bullying is not being repeated.
6. All coaches involved with both individuals should be made aware of the concerns and outcome of the process i.e. the warning.

In the case of adults reported to be bullying anyone within the club under 18:

1. The CFA WO should always be informed and will advise on action to be taken where appropriate.

2. It is anticipated that in most cases where the allegation is made regarding a team manager, official or coach, The FA's Child Protection and Best Practice awareness training may be recommended.
3. More serious cases may be referred to the Police and/or Children's Services.

Prevention:

- The club will have a written constitution, which includes what is acceptable and proper behaviour for all members of which the anti-bullying policy is one part
- All club members and parents will sign to accept the constitution upon joining the club
- The CWO will raise awareness about bullying and why it matters, and if issues of bullying arise in the club, will consider meeting with members to discuss the issue openly and constructively.

This policy is based on guidance provided to schools by KIDSCAPE. KIDSCAPE is a voluntary organisation committed to help prevent child bullying. KIDSCAPE can be contacted on 0207 730 3300 or you can access their website via www.kidscape.org.uk

You may also wish to access www.bullying.co.uk another website designed to give advice and guidance to parents and children who are faced with dealing with bullying.

We would like to thank the Amateur Swimming Association who have shared their Anti-Bullying Policy for clubs on which this recommended FA Club Anti-Bullying Policy has been developed.

Guidance for developing a club health and safety policy

The type and ownership of facilities will shape the policy and procedures that you need to have in place.

Having a Club Health and Safety Policy really means applying common sense to the use and maintenance of your pitch(es) and facilities to ensure that you have a safe environment in which to carry out the club's football activities.

If you are using local authority facilities, e.g. local sports centre or school, there will already be a health and safety policy in place for these

facilities. It is your responsibility to ask for the regulations and best practice guidance relating to usage of these facilities.

Make sure you find out what your club is responsible for and what the provider is responsible for. This should be clearly indicated when initially hiring the facility.

If the club owns the facilities there will have had to be a health and safety policy as part of the development of the facility so check who holds this information within the club and what regulations and best practice guidance the club has in place already.

Recommended action

- Make sure the club's management committee is aware of the need for procedures relating to health and safety and takes ownership of this responsibility
- Ensure the club has public and civil liability insurance and follows the expectations of the insurance policy
- Establish where and how access is gained by emergency services to the pitch/club house
- Sign up to and abide by The FA's Goalpost Safety Guidance (see leaflet for details)
- Check the pitch before use for obvious dangers e.g. broken glass, drinks cans
- Ensure goalposts are erected appropriately and always supervised by adults
- Establish where the nearest phone is
- Establish those individuals who have a recognised emergency first aid qualification within the club
- Establish emergency procedures within the club and ensure all coaches/managers are aware of these procedures
- Utilise The FA's guidance for travel and trips (www.TheFA.com/Footballsafes) when transporting club members to and from football activities and when organising trips away
- Have an Incident/Accident Report Form.

Guidance for developing a club complaints and disciplinary policy

The disciplinary process

Many clubs will already have in place codes of conduct for players, spectators, coaches and officials. If a club is yet to have implemented codes of conduct this is the starting point. Codes

of conduct can only be effective if there is a disciplinary process to support them. It is essential that the club is fair and consistent.

The following options can be considered:

- Verbal warning
- Written warning
- Exclusion from specified number of matches
- Exclusion from specified number of training sessions
- Removal from team for remainder of current season
- Refusal to register with team for future season.

It is recommended that the sanctions are built up or a combination of lighter sanctions issued. Once a decision has been taken it is not easy to reverse the decision. It is much simpler to add an additional sanction or increase the number or period of time being utilised.

Ultimately, of course, all clubs will be guided and required to follow the league(s) to which they are affiliated, County Association and FA rules. Experience of dealing with issues will in turn help to inform and develop the clubs disciplinary process.

Having a complaints process

For those clubs which have clearly stated and communicated the club's philosophy, what it can offer to and what it expects from, players, spectators, coaches and officials, this will limit potential complaints.

Most complaints can be dealt with by referring individuals to club policies and procedures. However, where there are complaints which cannot be satisfied via these routes there needs to be a procedure for dealing with these.

The following options can be considered:

- Complaints can be submitted in the first instance to the CWO. Alternatively where the issue relates to a technical aspect the concern can also be submitted to the appropriate age group coach
- Complaints can be directed to the club chairman
- Complaints can be directed to the club committee
- All complaints must be submitted in writing to the club committee

- If an individual is unhappy with the outcome of their original complaint they can appeal to the club committee
- The outcome of an appeal to the club committee is final
- Individuals have the right to seek guidance from the County FA where they feel they have been unfairly treated by the club's committee.

Please note, all clubs must be aware of the County disciplinary process which may decide that a punishment is required following a report from a referee or any participant. Any sanctions made must take into account the time it will take a County FA to deal with a case. They must not expect a County FA to take into account any action taken by the club when dealing with cases against players, coaches and officials of their club.

Respect Code of Conduct; Young Players

It is important everyone behaves themselves when playing football.

As a player, you have a big part to play. That's why The FA is asking every player to follow a **Respect** Code of Conduct.

When playing football, I will:

- Always do my best, even if we're losing or the other team is stronger
- Play fairly – I won't cheat, complain or waste time
- Never be rude to my team-mates, the other team, the referee, spectators or my coach/team manager
- Do what the referee tells me
- Shake hands with the other team and referee at the end of the game
- Listen to my coach/team manager and respect what he/she says
- Talk to someone I trust, for example my parents or the club welfare officer if I'm unhappy about anything at my club.

I understand that if I do not follow the code, action may be taken.

Respect Code of Conduct: Adult Players

We all have a responsibility to promote high standards of behaviour in the game. Players tell us they want a referee for every match, yet 7,000 match official's drop out each season because of the abuse and intimidation they receive on and off the pitch. **Respect** your referee today and you may just get one for every match this season. Play your part and observe The FA's **Respect** Code of Conduct for players at all times.

On and off the field, I will:

- Adhere to the Laws of the Game
- Display and promote high standards of behaviour
- Promote fair play and behave within the spirit of the Laws of the Game
- Always respect the match officials' decisions
- Never engage in public criticism of the match officials
- Never engage in offensive, insulting or abusive language or behaviour
- Avoid bullying, intimidation and poor behaviour
- Speak to my team-mates, the opposition and my coach/manager with respect
- Ask my team captain to talk to the referee if I have a problem relating to the game
- Remember we all make mistakes
- Shake hands with the opposing team and the match officials at the end of every game.

I understand that breaches of the code may result in action being taken by my County FA and /or The FA.

Respect Code of Conduct: Spectators

We all have a responsibility to promote high standards of behaviour in the game.

This club is supporting The FA's Respect programme to ensure football can be enjoyed by everyone in a safe and positive environment. Play your part and observe The FA's Respect Code of Conduct for spectators and parents/carers at all times.

I will:

- Remain outside the field of play and behind the Designated Spectator Area (where provided)
- Never engage in, or tolerate, offensive, insulting or abusive language or behaviour
- Always respect the match officials' decisions
- Applaud effort and good play as well as success

In addition, when attending youth games I will:

- Remember that children play for FUN
- Let the coaches do their job and not confuse the players by telling them what to do
- Encourage the players to respect the opposition and match officials
- Never criticise a player for making a mistake -mistakes are part of learning

I understand that breaches of the code may result in action being taken by my County FA and/or The FA.

Respect Code of Conduct: Coaches

We all have a responsibility to promote high standards of behaviour in the game.

In The FA's survey of over 37,000 grassroots participants, behaviour was the biggest concern in the game. This included both the abuse of match officials and the unacceptable behaviour by over competitive parents, spectators and coaches on the sidelines.

The FA's Respect programme is aimed at tackling unacceptable behaviour across the whole game.

Play your part and observe The FA's Respect Code of Conduct for coaches, team managers and club officials at all times.

I will:

- Show respect to others involved in the game including match officials, opposition players, coaches, managers, officials and spectators
- Adhere to the Laws of the Game
- Display and promote high standards of behaviour
- Always respect the match officials' decisions
- Never enter the field of play without the referee's permission
- Never engage in public criticism of the match officials
- Never engage in, or tolerate, offensive, insulting or abusive language or behaviour.

When working with players, I will:

- Place the well-being, safety and enjoyment of each player above everything, including winning
- Explain exactly what I expect of players and what they can expect from me
- Ensure the parents/carers of all players under the age of 18 understand these expectations
- Refrain from, and refuse to tolerate any form of bullying
- Develop mutual trust and respect with every player to build their self-esteem
- Encourage each player to accept responsibility for their own behaviour and performance
- Ensure all activities I organise are appropriate for the players' ability level, experience, age and maturity
- Co-operate fully with others in football (e.g. officials, doctors, physiotherapists, welfare officers) for each player's best interests

I understand that breaches of the code may result in action being taken by my County FA and/or The FA.

Respect Code of Conduct: Match Officials

We all have a responsibility to promote high standards of behaviour in the game.

The behaviour of the match officials has an impact, directly and indirectly, on the conduct of everyone involved in the game – both on the pitch and on the sidelines.

Play your part and observe the FA's Respect Code of Conduct for match officials at all time.

When officiating I will:

- Be honest and completely impartial at all times, irrespective of the teams, players or team officials involved in the match
- Apply the Laws of the Game and competition rules fairly and consistently.
- Manage the game in a positive, calm and confident manner.
- Deal with all instances of violence, aggression, unsporting behaviour, foul play and other misconduct.
- Not tolerate offensive, insulting or abusive language or behaviour from players and officials.
- Support my match official colleagues at all times.
- Set a positive personal example by promoting good behaviour and showing respect to everyone involved in the game.
- Communicate with the players and encourage fair play.
- Respond in a clear, calm and confident manner to any appropriate request for clarification by the team captains.
- Prepare physically and mentally for every match.
- Complete and submit, accurate and concise reports within the time limit required for games in which I officiate.

I understand that breaches of the code may result in action being taken by my County FA and/or The FA.

The Football Association Equality Policy

As the governing body of the game, The FA is responsible for setting standards and values to apply throughout the game at every level. Football belongs to, and should be enjoyed by, anyone who wants to participate in it.

The FA's commitment is to eliminate discrimination whether by reason of gender, sexual orientation, marital status, race, nationality, ethnic origin, colour, religion or belief, ability or disability.

The FA is also committed to promoting equality by treating people fairly and with respect, by recognising that inequalities may exist, by taking steps to address them and by providing access and opportunities for all members of the community.

The following policy should be at the heart of your club's activities.

Equality Policy for clubs

The aim of this policy is to ensure that everyone is treated fairly and with respect and that

(Insert Name) Football Club is equally accessible to them all.

(Insert Name) Football Club is responsible for setting standards and values to apply throughout the club at every level. Football belongs to, and should be enjoyed by anyone who wants to participate in it.

(Insert Name) Football Club's commitment is to confront and eliminate discrimination whether by reason of gender, sexual orientation, marital status, race, nationality, ethnic origin, colour, religion or belief, ability or disability and to encourage equal opportunities.

(Insert Name) Football Club, in all its activities, will not discriminate, or in any way treat anyone less favourably, on grounds of gender, sexual orientation, marital status, race, nationality, ethnic origin, colour, religion or belief, ability or disability. It means that (Insert Name) Football Club will ensure that it treats people fairly and with respect and that it will provide access and opportunities for all members of the community to take part in, and enjoy, its activities.

(Insert Name) Football Club will not tolerate harassment, bullying, abuse or victimisation of an individual, which for the purposes of this policy and the actions and

sanction applicable is regarded as discrimination. This includes sexual or racially based harassment or other discriminatory behaviour, whether physical or verbal.

(Insert Name) Football Club will work to ensure that such behaviour is met with appropriate action in whatever context it occurs. We are committed to the development of a programme of ongoing training and awareness raising events and activities in order to promote the eradication of discrimination within the club and within football.

(Insert Name) Football Club is committed to a policy of equal treatment of all members and requires all members to abide and adhere to these policies and the requirements of the relevant equalities legislation - Race Relations Act 1976, Sex Discrimination Act 1975 and Disability Discrimination Act 1995 as well as any amendments to these acts.

(Insert Name) Football Club commits itself to the immediate investigation of any claims, when it is brought to their attention, of discrimination on the above grounds and where such is found to be the case, a requirement that the practice stop and sanctions imposed as appropriate.

Club Complaints Procedure

In the event that any member feels that he or she has suffered discrimination in any way or that the Club Policies, Rules or Code of Conduct has been broken they should follow the procedures below.

1. They should report the matter to the Club Secretary or another member of the committee. The report should include:
 - i. Details of what, when, and where the occurrence took place
 - ii. Any witness statement and names
 - iii. Names of any others who have been treated in a similar way
 - iv. Details of any former complaints made about the incident, date, when and to whom made
 - v. A preference for a solution to the incident.
2. The Club's Management Committee will sit for any hearings that are requested.

3. The Club's Management Committee will have the power to:
 - i. Warn as to future conduct
 - ii. Suspend from membership
 - iii. Remove from membership any person found to have broken the Club's Policies or Codes of Conduct.

If the complaint is with regard to the Club's Management Committee the member has the right to report the discrimination direct to the relevant County Football Association.

As the governing body of the game, The FA is responsible for setting standards and values to apply throughout the game at every level.

Football belongs to, and should be enjoyed by everyone equally. Our commitment is to promoting equality of access and opportunity – by recognising that inequalities exist and taking practical steps to address them.

The FA is committed to eliminating discrimination and harassment. This includes whether by reason of gender, sexual orientation, race, nationality, ethnic origin, colour, religion or ability.

The ethics and sports equity policy should be at the heart of your club's activities.

Appendix 3

The Association's Safeguarding Children Policy

Every child or young person, defined as any person under the age of 18, who plays or participates in football should be able to take part in an enjoyable and safe environment and be protected from abuse. This is the responsibility of every adult involved in football, thus every club is required to endorse and adhere to The Association's Safeguarding Children policy.

The FA recognises its responsibility to safeguard the welfare of all children and young people by protecting them from physical, sexual or emotional harm and from neglect or bullying. The FA is committed to working to provide a safe environment for all children and young people to participate in the sport to the best of their abilities for as long as they choose to do so. The Safeguarding Children Policy is supported by The FA's Respect programme to address verbal abuse and bullying of youngsters by parents and coaches on the sidelines. The Association's Safeguarding Children policy principles are that:

- the child's welfare is, and must always be, the paramount consideration
- all children and young people have a right to be protected from abuse regardless of their age, gender, disability, culture, language, racial origin, faith or sexual orientation
- all suspicions and allegations of abuse will be taken seriously and responded to swiftly and appropriately
- working in partnership with other organisations, children and young people and their parents and carers is essential.

The FA is committed to working in partnership with the Police, Children's Services Departments, and Local Safeguarding Children's Boards (LSCB) in accordance with their procedures. This is essential to enable these organisations to carry out their statutory duties to investigate concerns and protect all children and young people.

The Association's Safeguarding Children Policy is in response to government legislation and guidance, developed to safeguard the welfare and development of children and young people.

The Association's Safeguarding Children Regulations

Preamble

This Preamble is provided for guidance. If there is any inconsistency between the Preamble and the operative parts of the Safeguarding Children Regulations below, the operative parts shall prevail.

As set out in The Football Association's Safeguarding Children Policy, The Association is committed to safeguarding children within football and has Case Management procedures in place to assess the suitability of individuals to be involved with children in football. In assessing that suitability, children's welfare is the paramount consideration.

Towards this, The Association has the power under the Safeguarding Children Regulations to issue a suspension where any one or more of the following applies:-

1. The individual fails to comply with any part of The Association's CRB Process;
2. The individual has been convicted of, or made the subject of a caution for, an "Offence" defined in paragraph 1 of the Regulations;
3. Following a risk assessment, The Association is satisfied on the balance of probabilities that the individual poses or may pose a risk of harm to children.

General

1. In these Regulations the expression "Offence" shall mean any one or more of the offences contained in the Schedules of the Criminal Justice and Court Services Act 2000 and any other criminal offence which reasonably causes The Association to believe that the person accused of the offence poses or may pose a risk of harm to a child or children.

The Association's CRB Process

2. All persons applying for or currently in such positions that The Association deems relevant whose normal duties include caring for, training, supervising or being in charge of children, must comply with the requirements of The Association's CRB process. These requirements are:-

- (i) To obtain an FA Enhanced CRB Disclosure; and
- (ii) To provide any such further detail, explanation or clarification of any or all part or parts of that Enhanced Disclosure, or any matter revealed by it, as may be required by The Association; and
- (iii) Where required, to provide at least two references that attest to their suitability to be involved in youth football. The spouse of the person subject to this requirement cannot act as a referee for this purpose. Any reference provided by a spouse will not be accepted; and
- (iv) To comply with each of the requirements set out in regulations (i) – (iii) above within any such time limit as The Association may stipulate.

Any person who fails to comply with any of the requirements set out in sub-paragraphs (i) – (iv) above shall be subject to an immediate suspension from football activity, on such terms and for such period as The Association may stipulate.

Interim Suspension Orders

3. Upon receipt by The Association of:

- 3.1 Notification that an individual has been charged with an Offence; or
- 3.2 Notification that an individual is the subject of an investigation by the Police, Children's Services or any other authority relating to an Offence; or
- 3.3 Any other information which causes The Association reasonably to believe that a person poses or may pose a risk of harm to a child or children.

The Association shall have the power to order that the individual be suspended from all or any specific football activity for such a period and on such terms and conditions as it thinks fit. Such suspensions will be issued by the Case Manager or his/her nominee. The initial notification of any

such suspension sent to an individual shall set out the right of appeal contained in Regulation 6 below.

4. In determining whether an order under regulation 3 should be made, the Case Manager or his/her nominee shall give consideration, inter alia, to the following factors:-

- 4.1 Whether a child is or children are or may be at risk of harm;
- 4.2 Whether the matters are of a serious nature;
- 4.3 Whether an order is necessary or desirable to allow the conduct of any investigation by The Association or any other authority or body to proceed unimpeded having regard to the need for any suspension order to be proportionate.

All such suspension orders will be reviewed at the next meeting of The Association's Safeguarding Review Panel. The Panel may ratify any such suspension, or make any other order in relation to that suspension as it sees fit, including lifting it.

5. The total period of an order referred to in Regulation 3 above shall not last beyond the final determination of any related case under the Rules of The Association.

6. Any individual subject to a suspension order under Regulation 3 may appeal against it once the period of three months from the imposition of the suspension order by the Case Manager/nominee has elapsed.

7. Such appeals shall be considered by the Safeguarding Review Panel. At least one member of any Panel considering an appeal shall not have been a member of any Panel which conducted the initial review, under Regulation 4 above, of the suspension order being appealed.

8. To bring an appeal under Regulation 6, the individual must give notice in writing to the Case Manager/nominee, requesting such an appeal. The individual may submit any written material in support of the appeal as they see fit, within 14 days of giving such notice.

9. Any such appeal shall be by a review of written material only. No party shall have the right to attend to address a Safeguarding Review Panel considering an appeal. The Safeguarding Review Panel shall consider all written material submitted by the individual requesting the appeal and in support of that appeal. The Case Manager/nominee may also submit any written material for consideration by the Panel.
10. On considering an appeal, the Safeguarding Review Panel shall have the power to make any order in relation to the interim suspension order as it sees fit, including lifting it. The Panel shall also have power to make any order in relation to the conduct of the appeal proceedings as it sees fit, including requiring more information from either the individual or the Case Manager/nominee.
11. Any appeal under Regulation 6 shall be heard by the Safeguarding Review Panel at the earliest opportunity, following the receipt of notice in writing and any written material in support of the appeal from the individual.
12. Where an order is imposed on an individual under Regulation 3 above, The Association shall bring and conclude any proceedings under the Rules of The Association against the person relating to the matters as soon as reasonably practicable.

Order Following Conviction or Caution

13. The Association's Safeguarding Review Panel shall have the power to make any order in respect of any person convicted of, or made the subject of a caution in respect of, an Offence, including but not limited to a suspension from all or any specific football activity for such period (including indefinitely) and on such terms and conditions as it thinks fit. Before making any order under this Regulation, the Panel shall consider all information gathered in respect of a Participant pursuant to The Association's CRB process under Regulation 2 above.

Order Following Risk Assessment

14. In addition to The Association's powers under Regulations 3 and 13, The Association's Safeguarding Review Panel shall have the power to make any order that it considers appropriate, including but not limited to an order that any individual be suspended from all or any specific football activity for such period and on such terms and conditions as it considers appropriate, where it is satisfied on the balance of probabilities that the individual poses or may pose a risk of harm to a child or children.
15. Cases may be referred to the Safeguarding Review Panel in order to seek an order under Regulation 14 above by the Case Manager or his/her nominee where the Case Manager/nominee decides that there is reasonable cause to suspect grounds for concern about an individual's continued participation in football activity involving a child or children.
16. The Case Manager/nominee shall reach this decision on the basis of a risk assessment of that individual's suitability for such participation. This risk assessment may be in such form and prepared by any person, including the Case Manager/nominee, as the Case Manager/nominee, at his/her absolute discretion, considers appropriate.
17. Before a referral is made under Regulation 15 above, the individual must be notified in writing. Such written notification must explain the order sought and the reason for it, and include a copy of the risk assessment and all other written material that the Case Manager/nominee intends to rely on when seeking the order, save for any exceptional material dealt with under Regulation 22 below.
18. The individual shall have 14 days to reply to this notification and to provide any written material that he/she wishes the Safeguarding Review Panel to take into account in considering whether or not to impose any order under Regulation 14 above.

19. Following the receipt of the reply from the individual, or the expiry of the 14 day period if no reply is received, the Case Manager/nominee may
 - (a) Decide that no further action is currently required as there are no longer grounds for a referral under Regulation 15;
 - (b) Make any such further inquiries as he or she thinks fit in light of any matters raised by the individual in response to the written notification;
 - (c) Refer the case to the Safeguarding Review Panel under Regulation 15 above.
20. Where further inquiries are made by the Case Manager/nominee, any written material arising from those inquiries may only be relied on by the Case Manager/nominee in applying for any order under Regulation 14 if that written material has been sent to the individual and he or she has had 14 days to reply to it, save for any exceptional material dealt with under Regulation 22 below. If the written material is relied upon, any response by the individual must also be considered by the Safeguarding Review Panel.
21. Where a case is referred to the Safeguarding Review Panel under Regulation 15, it shall be considered on the basis of written material only. No party shall be permitted to attend to address the Safeguarding Review Panel.

Except as provided for in Regulation 22 below, this written material shall consist of only:–

 - (i) The written notification and all written material provided with it by the Case Manager/nominee to the individual; and
 - (ii) The reply, if any, and all other written material submitted by the individual in response to the written notification; and
 - (iii) Any further written material provided by the Case Manager/nominee to the individual subsequently to the written notification; and

(iv) Any response from the individual to such further written material and all other written material submitted with that response.

Exceptional Material

- 22.1 In considering whether or not to make any order under Regulation 14, as a general rule, the Safeguarding Review Panel may not consider any material provided by either the Case Manager/nominee or the individual which the other party has not seen and had a reasonable opportunity to reply to.
- 22.2 Exceptionally, the Case Manager/nominee may make an application to the Safeguarding Review Panel for the Panel, as part of its consideration of whether or not to make an order under Regulation 14, to consider material ("exceptional material") that has not been sent to the individual, where the Case Manager/nominee considers, at his/her absolute discretion, that the exceptional material concerned cannot be sent to the individual for any one or more of the following reasons:–
 - (a) it is confidential, and/or
 - (b) revealing it to the individual may create a risk of harm to any person or persons, and/or
 - (c) revealing it to the individual may amount to a criminal offence.
- 22.3 Where the Case Manager/nominee intends to make an application to the Safeguarding Review Panel for the Panel to consider exceptional material under Regulation 22.2 above,
 - (i) The Case Manager/nominee shall in all cases give notice in writing to the Safeguarding Review Panel of this and the reason for it at least seven days before the Safeguarding Review Panel considers the case.

(ii) The Case Manager/nominee shall also give notice of the application to the individual in writing at least fourteen days before the Safeguarding Review Panel considers the case, unless the Case Manager/nominee considers, at his/her absolute discretion, that such written notice cannot be given, as to give such notice may in itself

(a) breach confidentiality; and/or

(b) create a risk of harm to any individual or individuals; and/or

(c) amount to a criminal offence.

(iii) Any reply by an individual to a notice referred to at Regulation 22.3(ii) must also be passed to the Safeguarding Review Panel for consideration where any exceptional material to which the reply relates is to be considered by the Safeguarding Review Panel

22.4 The Safeguarding Review Panel may, at its absolute discretion, decline to consider any or all of the exceptional material submitted for the Panel's consideration.

Orders available following risk assessment

23. Following a referral under Regulation 15, the Safeguarding Review Panel may make an order under Regulation 14, or any other order that it considers appropriate in the circumstances.

Right of appeal

24. A Participant or The Football Association may appeal any decision of the Safeguarding Review Panel made under Regulation 13 or 14. Such appeals shall be conducted in accordance with the Regulations for Football Association Appeals. Subject to this right of appeal, decisions of the Safeguarding Review Panel are final and binding.

Written Material

25. For the purposes of these regulations, "written material" may include photographic, video and/or audio evidence.

Appendix 4 Signs and Indicators of Abuse

What is abuse?

Where and how does it happen? Does it really happen in sport and indeed, in football? 'Child abuse' is a term used to describe what happens when a person, or group of people, harm a child or young person under the age of 18. Child abuse may mean that harm is actively done to the child or young person, such as beating or burning, or it may refer to neglect where the carers fail to protect the child or young person from harm. The abuser is often an adult, but may also be another young person and occasionally even a child. Usually the abuser has some sort of power over the child or young person, and often knows them well. Abuse can happen anywhere, e.g. in the family, any institution or group and in any activity where children or young people are present. There is a risk that direct abuse, or neglect, can happen in football.

The FA defines abuse into five categories. These are:

- Neglect
- Physical abuse
- Sexual abuse
- Emotional abuse
- Bullying.

Neglect

Neglect takes place if adults fail to meet a child or young person's basic physical needs, e.g. for food, warmth and clothing, or emotional needs such as attention and affection. It occurs if children or young people are left alone or inadequately supervised or where they are exposed to danger, injury or extreme weather conditions.

In football, neglect could occur if children or young people do not have proper supervision, clothing or are allowed or encouraged to play whilst injured. It could occur if a child or young person's particular health needs are disregarded before, during, or after a game.

Physical abuse

Physical abuse occurs if people physically hit, burn, poison, shake or in some way hurt or injure children and young people, or fail to prevent these injuries from happening.

In football, physical abuse could happen where training methods are inappropriate for the

developmental age of the child or young person, where they are allowed to play with an injury or where inappropriate drugs or alcohol are offered or accepted. It would clearly happen if a child or young person is hit or physically restrained or manhandled by those supervising the game or training session.

Sexual abuse

Sexual abuse occurs if children or young people are used to meet another person's sexual needs. This includes any form of sexual behaviour with a child or young person (by an adult or another child or young person), the use of sexually-explicit language and jokes, inappropriate touching and exposure to pornographic material. Sexual abuse can occur in football. For example, where there is inappropriate touching, or where sexually-explicit jokes occur between adults and children or young people or if indecent images are taken or adapted and placed on child pornography sites.

Emotional abuse

Emotional abuse includes frequent threatening, taunting or sarcastic behaviour, along with holding affection or being extremely over-protective. It includes racist or sexist behaviour and demeaning initiation ceremonies. It can be inflicted by other children and young people as well as by adults. Children and young people who are being abused or bullied in any way will also experience emotional abuse.

In football, coaches or parents emotionally abuse children and young people if they constantly criticise, abuse their power, or impose unrealistic pressure to perform to a high standard. It may also occur if a club allows members to deride people with disabilities or from minority cultures and use derogatory language about them.

Bullying

Although anyone can be the target of bullying, children and young people who are perceived as "different" from the majority may be at greater risk of bullying. This includes children and young people from minority cultures or children and young people with disabilities. Victims are often shy and sensitive and perhaps anxious or insecure.

Bullying can be defined as:

- Physical: hitting, kicking and theft
- Verbal: name calling, constant teasing, sarcasm, racist or homophobic taunts, threats and gestures
- Emotional: tormenting, mobile text messaging, ridiculing, humiliating and ignoring
- Sexual: unwanted physical contact or sexually abusive comments.

Bullying can take place anywhere, but is more likely to take place where there is inadequate supervision. In football it is more likely to take place in the changing rooms, or on the way to and from the football pitch - but can also take place at a training session or in a competition.

Football's competitive nature can create and even support an environment for the bully if individuals and clubs are unaware. The bully in football can be a parent who pushes too hard, a coach or manager who has a win-at-all costs philosophy; a child or young person intimidating another; or an official who places unfair pressure on a child or young person.

The victim is often weaker and less powerful and the outcome is always painful and distressing.

In an NSPCC survey of young people (2000), bullying was reported to be the most common source of distress and anxiety.

Signs and indicators

Children and young people are reluctant to tell someone when they are being abused, so it is essential that every adult is aware of the possible signals that a child and young person's welfare or safety is being threatened. However, there is rarely a clear sign and you may often have to piece together various snippets of information and rely on your instinct that something does not seem quite right.

You may have one piece of information that, when added to that of others, forms a clear picture of abuse. This is often compared to fitting pieces of a jigsaw together.

Only when you have a few pieces can you start to see the true picture.

Remember, it is not your job to decide whether or not a child or young person is being abused - however it is your responsibility to share your concerns.

The table on the next page shows some possible physical and behaviour signs of abuse. Some are very explicit and specific to the type of abuse, others are much more general. However,

you need to be careful as any one of these signs might have another very plausible explanation, such as a death in the family, loss of a pet, an absent family member or problems at school. However you should remember to raise your concerns if there is a combination of unexplained changes over a period of time.

Never allow a child or young person's disability or cultural difference to explain away concerns. This is not a judgement for you to make.

Category of abuse	Physical signs	Behavioural signs
Physical abuse	Unexplained and unusual bruising, finger, strap and bite marks, injuries, cigarette burns, fractures, scalds, missing teeth. Injuries that a child with limited mobility would find it difficult to get.	Fear of contact, aggression, temper, running away, fear of going home, reluctance to change or uncover body, depression, withdrawal, cowering, bullying or abuse of others.
Neglect	Constant hunger, ill-fitting or inappropriate clothes, weight change, untreated conditions, continual minor infections, failure to supply hearing aids, glasses and or inhalers.	Always being tired, late, absent, few friends, regularly left alone, seeks adult company or withdraws from people, stealing, no money, parent or carer not attending or interested.
Sexual abuse	Genital pain, itching, bleeding, bruising, discharge, stomach pains, discomfort, pregnancy, incontinence, urinary infections or STDs, thrush, anal pain on passing motions.	Apparent fear of someone, nightmares, running away, age inappropriate sexually explicit knowledge or behaviour, bedwetting, eating problems, substance abuse, unexplained money or gifts, inappropriate masturbation, sexual approaches to others, sexual games with toys.
Bullying	Weight change, unexplained injuries and bruising, stomach and head aches, incontinence, disturbed sleep, hair pulled out.	Difficulty making friends, anxiety over school/football, truancy, withdrawn, depressed, anger, moodiness, suicide attempts, reduced performance, money or possessions reported as 'lost', stealing from the family, distress and anxiety on reading e-mails or texts.
Emotional abuse	Weight change, lack of growth/development, unexplained speech disorders, self harm, clothing inappropriate for child's age, gender or culture.	Unable to play, fear of mistakes, fear of telling parents, withdrawn, unexplained speech and language difficulties, few friends.

Appendix 5

Designated Person Specification and Suitability Checklist

When appointing a designated person, ensure that you have considered their appropriateness for this role by checking them against the following criteria.

Essential

- Attendance at an FA Safeguarding Children Workshop
- Willing and able to provide relevant references
- Completion of an Enhanced CRB check via The FA CRB Unit and acceptance by The FA of the outcome. A history of offending will not prevent someone from working with children. Each case is considered on its merit
- Willingness to update skills and knowledge
- Previous experience of working with children
- Knowledge of and positive attitudes to equal opportunities
- Commitment to treat all children as individuals and with equal concern
- Physical health – appropriate to carry out tasks
- Mental stability, integrity and flexibility.

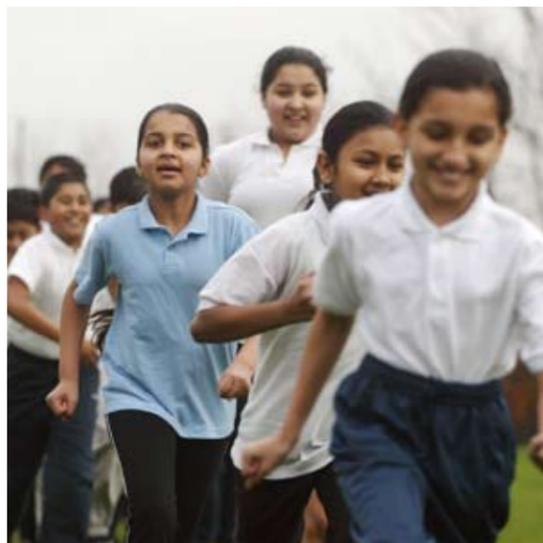

Desirable

- Knowledge of child protection issues*
- Knowledge of child protection legislation* (as appropriate)
- Relevant football knowledge/understanding.

* If an interested individual does not currently have knowledge of child protection issues and or child protection legislation this can be addressed initially by The FA's Safeguarding Children Workshop, and further developed by attending The FA's Welfare Officer Workshop.

NB. If any person is considered not to be a 'fit' person to work with children, his/her application should be refused.

Child Protection and Poor Practice Referral and Information

Form – Guidance notes for Completion

It is anticipated that in the majority of cases that the relevant sections of The FA Referral and Information Form will be completed by the CFA WO and on occasion by the CWO. However, in order that The FA ensures that everyone in football is aware of how to make a referral and how to record the required information accurately, the following guidance notes are provided. If you have any concerns about completing any sections of this form please contact either your CWO or CFA WO for advice.

Page One

Ensure that you have put your name as requested on the top of the form. It is likely that the CFA WO or The FA Case Manager may need to contact you directly.

Indication by CFA WO of the type of involvement required by The FA Child Protection Case Manager. Note this is only to be completed by the CFA WO

Direct Involvement

Tick this box if you consider the case warrants the active involvement of The FA Case Manager e.g. by either taking over the management of the case or to undertake a specific role (contact with another agency), to ensure the case is properly handled.

Consultation & Advice

Tick this box if at this stage you are seeking formal advice from The FA Case Manager about the next steps or regarding procedural matters.
For Information Only – Tick this box if you consider that the child protection/poor practice issue is being appropriately dealt with locally and that no additional input is needed by The FA Case Manager. The purpose of completing the form in this instance is to ensure that The FA Child Protection Team is able to keep accurate records of the detail and range of child protection/poor practice issues in England and Wales.

Only one tick box should be completed. There is the potential that after the details have been received by The FA, that a different level of involvement by The FA Child Protection Team may prove necessary.

First Box of Information Details of Person/Club About Whom There Are Concerns

The details in this section should be completed as fully as possible and should only reflect information about the accused person/club. It is recognised that some of this information will likely not be known. The CFA WO however may seek to establish as much information as possible (e.g. Contact Details) without unnecessarily delaying forwarding the referral/information to the FA Case Manager.

In respect of **Position Held**, this relates to the person's post or role within football. If the person does not have a formal role within The FA but there is information that would help to clarify the details of this person, then it can be included here such as: - "None – parent of another young player" or "None – spectator".

In respect of **Relationship** to the alleged victim, this could provide additional information e.g. "Manager of the young person's team", "Referee of game in which incident took place", "Father of young person", "Supporter of opposing team" etc.

In respect of **Ethnicity**, ideally this should be self-reported, but if not and the person completing the form or who made the allegation, has knowledge of the person's ethnicity, then this can be included.

The **County FA** refers to The FA that the accused person belongs to or is linked with, especially if they have a particular role with The FA in question. Additionally if he/she has Connections with other CFAs previously or in another capacity, then this should be included here.

Second Box of Information Alleged Victim/Young person Concerned

The same principles apply as above, when completing this second box, in that, as much information as is known should be included.

When identifying **Role/Position**, this reflects what the young person does within The FA, e.g. "Young Player", "Referee" etc.

In respect of **Any Disability**, this should include any disability reported by the young

Child Protection and Poor Practice Referral and Information Form

person, by the individual reporting the concerns, or any disability that is apparent.

Regarding the section on the Person who originated concern, it is possible that the person who is completing the form is passing on concerns and information witnessed by another person – if this is the case then it is this person's details, if known, that is entered here. It is their Relationship to alleged victim or the accused that is then included if known.

Page Two

Summary of Incident/Poor Practice

In this section, it is important to distinguish what was actually seen, heard and witnessed, from what is third party information or assumed to have happened. It will be important to consider:

What happened, to Whom, When, Where and by Whom.

In Terms of **Contact Details** for a witness, agreement would need to have been reached that this person is agreeable to being approached if necessary for any further information to aid any investigation. This would normally be the expectation of any statutory investigation agency who would make a commitment to treat their details confidentially.

Action Taken

In respect of completing this box, then please include under Action Taken, all the action(s) that you or another person has undertaken in order to try to resolve the concern or incident.

In respect of the External Agencies Contacted, please explain their response if it was felt necessary to have contacted them prior to this form being completed – also their appropriate details and contact person will be needed.

Page Three

If there is more than one victim, their details should be recorded on this page.

Page Four

Only to be completed by The FA Case Manager. The FA Case Manager will include in this section, the actions or decisions that have been proposed and agreed and a completed version of this section of the case will then be returned to the CFA WO for their records.

Appendix 8

Protecting Children and Young People with Disabilities

For many years children and young people with disabilities were not considered to be vulnerable to abuse. It is now known that this is not the case and that children and young people with disabilities are at an increased risk of abuse and that the greater the disability the greater the risk. There are a number of factors that contribute to this and these include:

- Lack of friends and peer group to support and protect
- Intimate/physical care/invasive medical care required. This can make it difficult for the child or young person to know what is acceptable and unacceptable touch
- Lack of speech or limited communication. This makes it harder to report abuse
- Difficulty in resisting
- Multiple carers – making it hard to identify who may be abusing
- History of being told what to do and not given choices
- Depending on the abuser for a service or basic need
- Having medical conditions that are used to explain injuries
- A history of finding that compliance to others results in gentler care than challenging a carer
- Difficulty in identifying the abuse if sensory impaired
- Others seeing all carers as beyond criticism.

Children and young people with disabilities may also be less valued than their peers and poor care may be observed but tolerated by others. This might include such things as not speaking directly to the child or young person; not offering choices; not moving and handling them safely; not respecting their privacy and dignity; not treating them according to their age; allowing physical restraint to occur; or using derogatory language.

There is no one way to ensure that children and young people with disabilities are protected but the safest environments are those that help children and young people to protect themselves by helping them to speak out and do their best to stop abuse from happening and take responsibility for observing, challenging and

reporting poor practice and suspected abuse.

Safe environments for children and young people with disabilities are also safer for all children and young people.

A safe environment is one where:

- Abuse is openly acknowledged to exist and is discussed by adults
- Training in awareness takes place
- Policies and Procedures are known by all and followed
- There is support for those who report suspicions or concerns The FA Policy and Procedures explicitly commit to these.

In addition, safe environments:

- Ensure that those working with children learn the child or young person's communication method. They may need help to do this
- Ensure that the child or young person's health needs are known, recorded and that sufficient people know how to respond. This may mean knowing how to manage a seizure or an asthma attack. It may mean ensuring that medication is kept to hand, administered correctly, and recorded
- Ensuring a mobile phone is available and switched on
- Discuss with parents or carers any physical care that is required and how this can best be done with respect and dignity. This will usually mean same gender carers, and consistent carers or supporters. Consideration needs to be given to the balance of the need for privacy with the need for accountability and protection against allegations for carers. This is best done by consulting with parents or carers and the child or young person concerned
- Give the child or young person every opportunity to make informed choices and respect their choice
- Have clear strategies for dealing with difficult behaviour that excludes any kind of physical punishment or restraint
- Listen to and advocate for children and young people
- Involve children or young people and their families wherever possible in the running of the club. This helps give all children and young people a voice and may act to deter abusers.

Appendix 9

Facility Development

It is strongly recommended that any design or redesign of facilities is referred to one of the Facilities Team at The FA to ensure compliance with suitable criteria is established early in the scheme. Details of the Facilities Team can be found on The FA's web site via the Grassroot section.

This does not just centre on how children can use and access facilities, but also around the foot flow of the building to ensure adults and children do not access areas which could lead to allegations or incidents.

Designs of changing areas, including toilets and showers, particularly require careful planning, together with vanity screens to the changing rooms themselves. Other issues can include access to changing areas, the siting of spectator toilets, lighting, recessed areas, electrical and boiler systems and proximity to car parking on site. The location of pitches to the changing rooms should also be considered carefully.

Appendix 10

FA resources relevant to safeguarding

Child protection and best practice

The Introduction to Child Protection Course Online - is aimed at anyone involved in football with young people, who is not currently taking an FA qualification. It provides a basic introduction to best practice and safeguarding.

The three-hour Safeguarding Children - Workshop, is mandatory for those taking FA qualifications and working in football. It explores in greater depth, what is meant by best and poor practice, and how to recognise concerns about the welfare of children and young people and what to do if you have concerns. The workshop is also aimed at helping individuals to examine the strong emotions this subject raises. In so doing it helps participants to manage their feelings in a positive way that won't interfere with their judgment about when and how to act.

The online safeguarding children recertification course provides an opportunity for all those who have completed the three-hour safeguarding children workshop to refresh, update and extend their knowledge. For more information about this online course go to www.TheFA.com/FAlearning.

The Welfare Officer Workshop is targeted at those people in local club or league welfare officer roles. It builds on the best practice workshop, providing essential knowledge and skills, helping to develop the confidence required to deal with child protection issues at local level e.g. bullying and poor practice. It also enhances relationships with the County FA WOs and statutory agencies, where additional support can be gained and or serious concerns can be referred on to.

FA Charter Standard Awards

The Charter Standard was introduced as part of the Charter for Quality (1997), which puts the player at the centre of all football developments, to raise standards, recognise good practice and reward quality.

The following awards available:

- Charter Standard Club
- Charter Standard Development Club
- Charter Standard Community Club
- Charter Standard Schools
- Charter Standard Colleges

You can get application packs from: The Football Association, 25 Soho Square, London W1D 4FA

Respect Parent Guide

This online course is aimed at all parents/carers. It looks at examples of poor behaviour but more importantly how this type of behaviour can be improved.

Is the support you are giving your child appropriate? Why not find out, watch the videos, listen to the expert commentary and then test your knowledge.

For more information go to www.TheFA.com/respectguide.

Goalpost Safety

The Goalpost Safety campaign was launched in August 2000 and it aims to raise the awareness of the importance of checking goalposts to prevent accidents: Check it, Secure it, Test it, Respect it. This campaign followed the deaths of nine children since 1986. It stresses the need for everyone involved in playing and organising football to play their part to make sure that these tragic accidents never happen again.

This campaign has been ongoing since 1998 after becoming aware of the deaths of young children where goalposts have been either unsafe or unstable.

For more information on the goalpost safety campaign go to www.TheFA.com/goalpostsafety.
