Deanshanger Colts Football Club fully recognises its responsibilities for child protection.

Our policy applies to all managers, coaches, committee members and volunteers working within the club. There are four main elements to our policy.

- Developing and then implementing procedures for identifying and reporting cases, or suspected cases, of abuse.
- Supporting players who have been abused in accordance with his/her agreed child protection plan.
- Establishing a safe environment in which the children can learn and develop their footballing skills and enjoy the game.

We recognise that because the regular contact the managers, coaches etc have with the children they are well placed to observe the outward signs of abuse. The Club will therefore,

- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.
- Ensure child and parents that there are persons at the club whom they can approach if they are worried

The club will follow the procedures as detailed below,
